PROFESSIONAL SUMMARY

Full Stack Developer skilled in building and deploying production-ready MERN and Next.js applications with real-time features, secure authentication, and RESTful APIs. Built and deployed 7+ full-stack projects, including a live e-commerce platform and a real-time messaging application, with hands-on experience through a 6-month Full Stack Development internship. Currently open to internship and fresher opportunities to further build on this experience and contribute to real-world projects

PROJECTS

ShopSphere — Full-Stack E-commerce Platform

Next.js | React.js | MongoDB | Mongoose | JWT | bcryptjs | Tailwind CSS

- Developed a full-stack e-commerce platform with 15+ REST API endpoints covering product browsing, cart management, checkout, and order management
- Implemented user registration and login using JWT authentication, bcryptjs, and HTTP-only cookies with protected routes for authenticated users.
- Built checkout with delivery address, Cash on Delivery, order creation, order history, order status, and order cancellation.
- Designed and integrated MongoDB schema (3 collections: users, products, orders) with Mongoose relations via Next.js API Routes
- Built a responsive user interface and deployed the application on Vercel.

Real-Time Chat Application — Soket.io Based Massaging Platform

React.js | Node.js | Express.js | MongoDB | Socket.io | JWT | Tailwind CSS

- Developed a real-time chat application with user registration, login, and secure JWT-based authentication.
- Implemented real-time one-to-one messaging using Socket.io with sub-second delivery latency and live chat updates without page refresh
- Built backend REST APIs using Node.js and Express.js and integrated MongoDB for storing users, conversations, and messages.
- Created a responsive WhatsApp-style chat interface using React.js and Tailwind CSS for desktop and mobile devices.

PROFESSIONAL EXPERIENCE

GRRAS IT Solution — Full Stack Developer Intern

6-Month Internship

- Gained hands-on experience in MERN stack development using React.js, Node.js, Express.js, and MongoDB.
- Worked on frontend development, backend APIs, database integration, and full-stack web application development.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS
Backend : Node.js, Express.js, Next.js API Routes, REST APIs
Database: MongoDB, Mongoose, MySQL
Authentication: JWT, bcryptjs, HTTP-only Cookies
Tools : Git, GitHub, VS Code, Postman, Vercel

EDUCATION & CERTIFICATION

Bachelor of Arts (B.A.) -Maharaja Krishnakumarsinhji Bhavnagar University
MERN Stack Development Certification— GRRAS IT Solutions– Ahmedabad
Industrial Training Institute (ITI) — Fitter Trade, 2 Years, ITI Talaja
